

THE DAY

A VARIETY OF ACTIVITIES FOR ALL PERSONALITIES

“Down-time” Relax on comfy bean bag chairs and chat while enjoying a provided nutritious snack.

“Community-time” Everybody has a chance to check in about challenges and triumphs of their day and report on homework that needs to be completed. Team building and bonding is encouraged through guided activities and shared celebrations. Everything from mastering the monkey bars to acing a test gets “air-time”.

“Academic time” Marielle, the enrichment director and credentialed teacher of eleven years, circulates to support and enhance understanding of homework. Students who finish early have the option to buddy up and help another student, read a book from our library, or work on an optional project.

“Class-time” The icing on the cake of our program: children have the option to participate in Kids ‘N Dance and Theater Arts’ award winning classes. These classes are offered at discounted rates.

“Activity/Free-time” Activities range from entertaining and energizing group games, free time on gymnastic equipment, board games, puzzles, time with toys, art/science/social studies project time, and field trips to local parks

FEES

- One month trial option
- Three month sessions
- Flexible Scheduling
- No registration fee
- No transportation fee

Number of days: Register for 1-5 days. More days saves you money and allows your child to benefit as a stronger member of our community.

OPTIONAL CLASSES

HALF PRICE!

After school students may participate in any age appropriate dance and theater class offered on their registered days at half price.

Dance Fabulous dance instructors make every class a positive, productive and engaging experience. Ballet, tap, contemporary, and hip-hop are offered at various levels.

Gymnastics Gymnastic components of dance classes include refinement of basic skills and safe use of gymnastic equipment.

Musical Theater Our award winning musical theater program increases self-esteem through development of vocal, dance and acting skills taught in a supportive and fun environment.

OUR MISSION

WE PROVIDE DANCE AND THEATER ENRICHMENT AND SO MUCH MORE!

We strike a balance between a nurturing relaxed experience kids may have at home, an academic learning community like at school, and camp-like fun found during the summer.

The three hours between school letting out and family time can either revitalize and stimulate children or drain and frustrate them.

Our program, created and run by a veteran teacher, is designed to make the most out of these afternoon hours.

Meet the Director

Marielle Cammarata has taught English, History and Study Skills to 6th Graders in San Leandro USD for 11 years. Her Mills College teaching credential specializing in Early Childhood Education (Grades K-3) has proven useful in developing Kids 'N Dance's summer camp programs for over 15 years. She drives the after school van and leads/supervises all activities.

" I am so excited to shift my attention to students after their school day. It gives me the chance to really get to know everyone, support their individual learning needs, and get down to some good fun."

IMPORTANT INFO

We feel it is important that parents understand that we are not "child care." We are an after school enrichment program. We operate exempt of a child care license. In accordance with Title 22, California Code of Regulations on Child Care, we operate less than 16 hours per week.

KIDS 'N DANCE

After School

K-5

- **A unique alternative to large programs**
